Concept IV:

At all responsible levels, we ought to maintain a traditional "Right of Participation," allowing a voting representation in reasonable proportion to the responsibility that each must discharge.

- Do we understand the spiritual principles underlying the "Right of Participation"?
- What does "in reasonable proportion" mean? Do we understand when it is appropriate for A.A. paid staff to have a vote at the General Service Conference or in our local service structure?
- Do we expect that, because we are A.A. members, we should be allowed to vote at any group, even if we are not active members of that group?
